Environmental Legislation Register

MOG-REG-ENV-001 | Revision 0 | 18 October 2026

Scope: Mogas Design Ltd as a remote mechanical/gas engineering consultancy, including company waste, site visits and environmental interfaces in pipeline and AGI design. English legislation forms the baseline; jurisdiction and project-specific consents must be checked.

Classification: Direct = may apply to Mogas activities; Conditional = only when relevant activity or threshold is met; Project = frequently the client/operator/contractor holds the underlying statutory duty. Each entry requires verification before reliance.

EL-01 Environmental Protection Act 1990, s.34

Topic: Waste duty of care | Applicability: Direct when Mogas produces / controls business waste

Mogas control: Keep office waste secure; use authorised carriers; retain transfer evidence where required.

Evidence: Waste collection contract, carrier verification, transfer records | Owner: Director | Review: Annual / waste disposal

Official reference: https://www.legislation.gov.uk/ukpga/1990/43/section/34

EL-02 Waste (England and Wales) Regulations 2011 (as amended)

Topic: Waste hierarchy | Applicability: Direct where Mogas produces waste

Mogas control: Apply prevention, reuse, recycling before disposal where appropriate.

Evidence: Waste handling and recycling evidence | Owner: Director | Review: Annual

Official reference: https://www.legislation.gov.uk/uksi/2011/988/contents

EL-03 Waste Electrical and Electronic Equipment Regulations 2013 (as amended)

Topic: Electrical equipment disposal | Applicability: Relevant when disposing of business IT equipment; producer obligations generally not applicable

Mogas control: Use appropriate WEEE recycling routes and secure erasure of information.

Evidence: Disposal receipts / asset register | Owner: Director | Review: On disposal

Official reference: https://www.gov.uk/guidance/regulations-waste-electrical-and-electronic-equipment

EL-04 Environmental Permitting (England and Wales) Regulations 2016

Topic: Permits for regulated facilities / discharges | Applicability: Project-specific; typically asset operator or construction contractor

Mogas control: Identify whether design proposes discharge, waste operations, water activities or regulated facilities; flag permitting responsibility.

Evidence: Design risk register; client permit interface | Owner: Lead engineer / client | Review: Each relevant project

Official reference: https://www.legislation.gov.uk/uksi/2016/1154/contents

EL-05 Wildlife and Countryside Act 1981

Topic: Protected wild birds, species and sites | Applicability: Direct prohibition on unlawful acts; project obligations conditional

Mogas control: Avoid disturbing wildlife during visits; flag ecological constraints and request specialist advice before works.

Evidence: Ecology constraints log / site RAMS | Owner: Project lead | Review: Each site/project

Official reference: https://www.legislation.gov.uk/ukpga/1981/69/contents

EL-06 Conservation of Habitats and Species Regulations 2017

Topic: European protected species and habitats | Applicability: Project-specific; roles of competent authorities / operators differ

Mogas control: Flag protected habitats and species where routing or AGI design may affect them; specialist assessment by competent party.

Evidence: Ecological screening / client consultation | Owner: Project lead | Review: Each relevant project

Official reference: https://www.legislation.gov.uk/uksi/2017/1012/contents

EL-07 Environment Act 2021; Town and Country Planning Act 1990 Schedule 7A (as amended)

Topic: Biodiversity net gain in England | Applicability: Project-specific and exemption-dependent; generally developer/planning lead

Mogas control: Ask whether BNG applies to consented development; confirm 2026 exemptions; refer to ecologist/planning specialist.

Evidence: Planning/BNG applicability record | Owner: Project lead / client | Review: At project inception

Official reference: https://www.gov.uk/guidance/biodiversity-net-gain-exempt-developments

EL-08 Town and Country Planning (Environmental Impact Assessment) Regulations 2017

Topic: Environmental impact assessment | Applicability: Project-specific; developer/applicant-led

Mogas control: Flag potential Schedule 1/2 development and screening requirements; align design information with client EIA team.

Evidence: EIA screening note / client instructions | Owner: Project lead / client | Review: At option selection

Official reference: https://www.gov.uk/guidance/environmental-impact-assessment

EL-09 Water Resources Act 1991 (as amended)

Topic: Protection of controlled waters | Applicability: Direct prohibition on relevant pollution offences; project-specific design interface

Mogas control: Identify watercourse crossings, groundwater risks and pollution pathways; refer permits and mitigation to responsible parties.

Evidence: Crossing design notes / environmental risk log | Owner: Project lead | Review: Each relevant project

Official reference: https://www.legislation.gov.uk/ukpga/1991/57/contents

EL-10 Water Environment (Water Framework Directive) (England and Wales) Regulations 2017

Topic: Water-body objectives | Applicability: Project-specific planning/consenting consideration

Mogas control: Flag waterbody impacts for client/environmental specialist assessment.

Evidence: Constraints mapping / waterbody review | Owner: Project lead | Review: Each relevant project

Official reference: https://www.legislation.gov.uk/uksi/2017/407/contents

EL-11 Control of Pollution Act 1974 (as amended)

Topic: Noise from construction | Applicability: Mostly site contractor / operator responsibility

Mogas control: Consider noise-sensitive receptors for equipment, operations and constructability; refer consent/controls to relevant parties.

Evidence: Design review / noise study if commissioned | Owner: Project lead / client | Review: As applicable

Official reference: https://www.legislation.gov.uk/ukpga/1974/40/contents

EL-12 Environmental Damage (Prevention and Remediation) (England) Regulations 2015

Topic: Prevent/remediate defined environmental damage | Applicability: Conditional on activities, harm and liable operator

Mogas control: Escalate observed pollution or serious ecological harm; do not assume designer is statutory operator.

Evidence: Incident report / escalation record | Owner: Director | Review: On incident

Official reference: https://www.legislation.gov.uk/uksi/2015/810/contents

EL-13 Climate Change Act 2008 (as amended)

Topic: UK carbon budgets / climate policy | Applicability: Strategic design context, not automatic carbon reporting duty for small consultancy

Mogas control: Consider whole-life carbon, methane avoidance and resilience in option evaluation where in scope.

Evidence: Design options / sustainability review | Owner: Project lead | Review: Design review

Official reference: https://www.legislation.gov.uk/ukpga/2008/27/contents

EL-14 Energy Savings Opportunity Scheme Regulations 2014 (as amended)

Topic: ESOS energy audits | Applicability: Normally not applicable to micro-entity; reassess if qualifying size reached

Mogas control: Review organisational eligibility following growth / ownership change.

Evidence: Annual applicability statement | Owner: Director | Review: Annual

Official reference: https://www.gov.uk/guidance/energy-savings-opportunity-scheme-esos

EL-15 Streamlined Energy and Carbon Reporting requirements (Companies Act reporting framework)

Topic: Company energy/carbon disclosures | Applicability: Usually not applicable to micro-entity; check thresholds and reporting status

Mogas control: Verify reporting scope with accountant when company size changes.

Evidence: Annual applicability review | Owner: Director / accountant | Review: Annual

Official reference: https://www.gov.uk/government/publications/environmental-reporting-guidelines-including-mandatory-greenhouse-gas-emissions-reporting-guidance

EL-16 Hazardous Waste (England and Wales) Regulations 2005 (as amended)

Topic: Hazardous waste classification / consignment | Applicability: Conditional if Mogas produces relevant hazardous business waste

Mogas control: Identify hazardous waste such as certain batteries/chemicals and use appropriate transfer route.

Evidence: Consignment records where required | Owner: Director | Review: On disposal

Official reference: https://www.legislation.gov.uk/uksi/2005/894/contents

EL-17 Environmental Information Regulations 2004

Topic: Access to environmental information | Applicability: Generally not directly applicable to private consultancy unless public authority criteria met

Mogas control: Respond to client information requests contractually; protect confidential project information appropriately.

Evidence: Request record | Owner: Director | Review: Annual applicability review

Official reference: https://www.legislation.gov.uk/uksi/2004/3391/contents

EL-18 Natural Environment and Rural Communities Act 2006 (as amended)

Topic: Biodiversity duties on public authorities | Applicability: Primarily public authority duty; project design interface

Mogas control: Consider client biodiversity objectives, planning constraints and relevant approvals without claiming Mogas is public authority.

Evidence: Project environmental review | Owner: Project lead | Review: Project-specific

Official reference: https://www.legislation.gov.uk/ukpga/2006/16/contents

Maintenance and director approval

Review at least annually and when projects, legislation, geographic scope or business activities change. Review the live Excel register, record evidence of compliance, and retain a change log. Do not claim full compliance until controls and relevant records are verified.

Director: Mohammed Fasiuddin Date: 18 October 2026 Next review: 18 October 2027
